FLAVOR

This beer has a full bouquet of tropical fruit aromas, with a fluffy mouthfeel from the liberal use of oats, and lingering notes of pine on the back of throat.

BREWER'S NOTES

Simply said, this beer is awesome! A relatively new style to American brewing, we were excited to brew a hazy IPA that called for plenty of oats, huge hop additions at the end of boil, and two dry-hops that give this recipe it's unique fruitiness.
